Dear Mercedes-Benz Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain model year 2021-2022 Maybach S-Class vehicles. Our records indicate that your vehicle is included in the affected population.

***What is the CONCERN?***

Mercedes-Benz AG has determined that on certain Maybach S-Class vehicles, trim parts of the backrest on both front seats might detach during rear airbag deployment, which could damage the airbag cushions or cause the front passenger airbag, driver seat belt, and front passenger seat belt to deploy improperly. Improper airbag or seat belt deployment could increase the risk of injury for the occupants.

***What will your DEALER DO?***

An authorized Mercedes-Benz dealer will replace the trim parts on the affected vehicles. **This service will be provided free of charge.** We are dedicated to always delivering the best customer experience, and respect for your time is a top priority. While the minimum repair time can be less than 8 hours, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time.
