IMPORTANT SAFETY RECALL

NHTSA Recall No. 22V-220

This notice applies to Your Lamborghini Huracan with the VIN

Dear Lamborghini Owner or Lessee,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Automobili Lamborghini S.p.A. has decided that a defect, which relates to motor vehicle safety exists in certain Model Year 2020-2022 Huracan EVO and Model Year 2022 Huracan STO vehicles. Our records indicate that you are the owner of a vehicle in this recall.

What is the issue?

The gearbox may have an insufficient amount of transmission oil, due to a supplier mistake, which can result in clutch slippage. Clutch slippage can cause a loss of drive power and increase the risk of a crash.

Also, in certain driving situations the transmission oil can foam and leak out of the gear vent. Leaked transmission oil in the presence of hot exhaust system parts can increase the risk of a fire.

For all the reasons set forth above, it is therefore necessary to rework these vehicles. If you are not the only driver of this vehicle, please advise all other drivers and passengers of this important information.

What Do You Need to Do?

You can still drive your car, however, please contact your preferred authorized Lamborghini dealer immediately to schedule an appointment to have this important repair performed, free of charge.

You can locate your nearest authorized Lamborghini Dealer at <https://www.lamborghini.com/en-en/ownership/dealer-locator>.

What will Lamborghini do?

We will inspect and correct the transmission oil level, free of charge. The repair could take up to 1 (one) hour. We apologize for any inconvenience this recall may cause.

Please bring this letter and your Service Booklet with you when you visit the dealer, so that the dealer can make all necessary entries.
