IMPORTANT SAFETY RECALL

Front Seat Head Restraints

Dear [Name],

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

FCA US LLC has decided that certain [2022 Model Year (MP) Jeep Compass] vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 202a. S4.1 requires that "a head restraint that conforms to either S4.2 [static strength] or S4.3 [dynamic strength] of this section must be provided at each front outboard designated seating position." Vehicles built with a front seat head restraint frame manufactured with an off-location weld may not meet the FMVSS 202a S4.2 static strength requirements.

It is extremely important to take steps now to repair your vehicle to ensure the safety of you and your passengers.

WHY DOES MY VEHICLE NEED REPAIRS?

The front seat head restraints on your vehicle ^[1] may have been built with an off-location weld(s) on the front seat head restraint frames. Head restraints that do not meet the strength requirements may result in an increased risk of injury to seat occupants during certain crashes.

HOW DO I RESOLVE THIS IMPORTANT SAFETY ISSUE?

FCA US will repair your vehicle ^[2] free of charge (parts and labor). To do this, your dealer will replace both front seat head restraints. The estimated repair time is about 10 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online. ^[3] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.
