Hyundai has decided that a defect, which relates to motor vehicle safety, exists in certain 2019 – 2021 model year Nexo vehicles. Hyundai is conducting this action to ensure the safety of its vehicles for Hyundai customers. Our records indicate that your vehicle is affected by this recall campaign.

What is the problem?

What should you do?

The actual time required to perform this procedure on your vehicle will take less than one hour, however, your vehicle may be needed longer. Therefore, we recommend scheduling a service appointment to minimize inconvenience.

Hyundai strongly recommends owners to **park their vehicles outside and away from structures** until the recall repair is complete.
