Dear Mercedes-Benz Owner:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Mercedes-Benz AG ("MBAG"), the manufacturer of Mercedes-Benz vehicles, has decided that a defect which relates to motor vehicle safety exists in certain Model Year ("MY") 2021 GLC-Class vehicles. Our records indicate that your vehicle is included in the affected population of vehicles.

**What is the CONCERN?**

On certain MY 2021 GLC vehicles, the sealing of the electrical connection to the headlights might not be watertight. Should moisture enter the electrical connection of the headlamps, the headlight may fail to illuminate, which could increase the risk of a crash. Before the issue occurs, the driver may be made aware of the issue by fogged headlights. When the issue occurs, the driver is informed by a headlight warning message in the instrument cluster.

**What will your DEALER DO?**

An authorized Mercedes-Benz dealer will inspect the sealing plugs for the headlight electrical connections on the affected vehicles and replace them, if necessary. **This service will be provided free of charge.** We are dedicated to always delivering the best customer experience, and respect for your time is a top priority. While the minimum repair time can be less than 3.5 hours, your dealer can provide you with a better estimate of the overall time for this service visit. As a matter of normal service process, an authorized Mercedes-Benz dealer will also check for other repair measures which might be applicable to your vehicle and this may increase the required working time.

**What should YOU DO?**

To find the most convenient authorized Mercedes-Benz dealer from your smartphone, scan the QR code to the left.
