Dear «OWNER»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Heartland RV (Heartland) has decided that a defect which relates to motor vehicle safety exists in certain 2022 Heartland Sundance Travel Trailers manufactured in 2022. We apologize for any inconvenience this action may cause you, however your safety and continued satisfaction are of the utmost importance to us.

***Reason for this recall***

On certain 2022 Heartland Sundance Travel Trailers, the required 12v mini breaker cover for the slide out was not installed during production. This has led to exposed studs that could cause arcing. This repair should take no more than 15 minutes to complete. This defect will be corrected at no expense to you, the owner. All Reimbursements will be covered by Heartland's general reimbursement plan.
