<City, State, ZIP>

This notice applies to your vehicle, <VIN>

NHTSA Recall No: 22V-317

Dear Tesla Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Tesla, Inc. has decided that a defect, which relates to motor vehicle safety exists in certain model year 2020-2021 Model 3 and model year 2021 Model Y vehicles. Our records show that you are the owner of a vehicle affected by this action.

REASON FOR THIS RECALL

During the supplier's manufacturing of the coax cable harness for the fisheye and narrow cameras, the cable terminals were incorrectly installed into the harness connector, resulting in swapped camera views. This may degrade the cameras' detection of crossing objects and high-curvature lane lines, which could impair Autosteer and automatic emergency braking (AEB) performance and increase the risk of collision.

WHAT TESLA WILL DO

Tesla will correctly install the swapped terminals for the fisheye and narrow camera cables into the harness connector and recalibrate the cameras to specifications, free of charge.

WHAT YOU SHOULD DO

Please schedule a service appointment through your Tesla mobile app. Alternatively, if you wish to contact your nearest Tesla Service Center or require technical assistance, please visit www.tesla.com/findus or call 1-877-79-TESLA (1-877-798-3752). For awareness, the appointment will take approximately 30 minutes and may be completed by Tesla Mobile Service where available.

If you have already had this repair completed on your vehicle, there is no further action that you need to take. You may confirm whether the repair has been completed by checking our online VIN look-up tool at <https://www.tesla.com/vin-recall-search>.

If you believe that Tesla has failed or is unable to remedy this defect without charge or within a reasonable time, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue SE, Washington, DC 20590, by calling 1-888-327-4236 (TTY: 1-800-424-9153), or by visiting www.safercar.gov.

Federal law requires any lessor who receives a notification of a noncompliance or safety-related defect determination pertaining to any leased motor vehicle to send the notice to the lessee within 10 days.

If you no longer own the vehicle, update vehicle ownership in your Tesla Account. For more details on adding or removing vehicles from your Tesla Account, visit www.tesla.com/support/account-support#add-remove-products.

Thank you for being a Tesla customer. We are committed to ensuring that your vehicle provides the highest possible level of safety.

TESLA, INC.
