Subject: Compliance Recall 60F6 – Sunroof Switch

Dear Volkswagen Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Volkswagen has decided that certain 2022 model year Volkswagen vehicles fail to conform to Federal Motor Vehicle Safety Standard number 118, "Power-Operated Window Systems." Our records show that you are the owner of a vehicle affected by this action.

What is the issue? The touch switch for the sunroof may be too sensitive, allowing it to be inadvertently pressed. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 118, "Power-Operated Window Systems." A sunroof switch that is inadvertently pressed can result in unintended auto-closure of the sunroof, increasing the risk of injury.

What will we do? To correct this noncompliance, your authorized Volkswagen dealer will replace the sunroof switch. This work will take about an hour to complete and will be performed for you free of charge. Please keep in mind that your dealer may need additional time for the preparation of the repair, as well as to accommodate their daily workshop schedule.

What should you do? Your dealer will have the parts and work instructions available to perform this recall work starting on October 06, 2022. Please contact your authorized Volkswagen dealer without delay to schedule this recall work. To set up an appointment online, please visit www.vw.com/find-a-dealer.

Lease vehicles and address changes If you are the lessor and registered owner of the vehicle identified in this action, the law requires you to forward this letter immediately via first-class mail to the lessee within ten (10) days of receipt. If you have changed your address or sold the vehicle, please fill out the enclosed prepaid Owner Reply card and mail it to us so we can update our records.

Can we assist you further? If your authorized Volkswagen dealer fails or is unable to complete this work free of charge within a reasonable time, or if you should have any questions about this communication, please reach out to us using your preferred method of communication at www.vw.com/contact or by calling us at 800-893-5298.
