IMPORTANT SAFETY RECALL 22V-587

This notice applies to your motor vehicle equipment

VIN XXXXXXXXXX

Date: 09/06/2022

Safety Recall Number: 22V-587

Subject: 2021 - 2023 B Wise Trailers, EA10-10 ALL ACCESS, EA10-12 ALL ACCESS

Dear BWISE Trailer Owner:

This notice is being sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

B Wise Manufacturing, LLC (B Wise), has decided that a defect, which relates to non-compliance with the Federal Motor Vehicle Safety Standards, exists in certain 2021 – 2023 B Wise Trailer Models EA10-10 ALL ACCESS and EA10-12 ALL ACCESS. B Wise has determined that a misprint of the Vehicle Identification Number label on the trailer reflects an incorrect GAWR (Gross Axle Weight Rating) weight of 4,995 lbs per axle. The correct GAWR should be 6,000 lbs per axle. The vehicle may be overloaded, increasing the risk of a crash.

Your trailer has been identified as one that is included in this recall. Enclosed, you will find a new VIN label for your trailer, which has the accurate GAWR weight. Please inspect the current VIN label on your trailer, and if it reflects a GAWR of 4,995 lb per axle, please remove that VIN label and replace it with the label included with this notice. The tag is designed to be tamper proof, so the word VOID will appear after removing the original tag. The new tag should be installed directly over the original tag location.
