To whom it may concern,

Excellance received notification from Weldon of the recall on the Hercules nodes in May of 2022. Excellance had one unit here in production that had this issue and it was quickly resolved when Weldon got the part in to us. The other 2 units that we had affected were repaired by the Dealer about a month later when Weldon got the replacement parts to them. All 3 of the units we had affected by this recall has been taken care of. No owner notification is required for this recall.

If anyone has any questions or concerns, please feel free to contact me.

Thank you,

*Tara Quattlebaum*
