October 20, 2022

REGARDING: NHTSA RECALL ID: 22V706 (SC0439)

A short in the battery cell there is a risk of a battery fire and subsequent vehicle fire.

1. I work with Regulatory Affairs for Mack Trucks, Inc., P.O. Box 26115, Greensboro, North Carolina 27402, and am authorized to make this statement on its behalf.
2. Mack Trucks, Inc., was the manufacturer of a certain 2021 LRE hybrid electric vehicle identified with a potential safety defect. There is 1 vehicle involved in the recall which is company owned therefore no owner notification letter will be distributed as there are no customers to send recall letters to. Mack is actively acquiring parts to remedy the safety defect.

Sincerely,
