NHTSA RECALL 22V-772

Dear Nissan Titan Owner,

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Nissan has decided that certain 2014 Model Year Nissan Titan vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) number 111, "Rear Visibility". What Nissan Will Do **Qué Hará Nissan**

Your Nissan dealer will inspect the lot code on the torque sensor and, if necessary will replace the steering column assembly. This service, which is conducted at no charge to you for parts and labor, could take up to one and a half (1.5) hours to complete, but your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

What You Should Do **Qué Debes Hacer**

Please contact your local Nissan dealer in order to arrange an appointment to complete the software update free of charge.

Por favor, póngase en contacto con su concesionario Nissan para concertar una cita para reparar su vehículo lo antes posible. Se requiere que traigas esta notificación el día de tu cita.
