

Certain 2023 Model Year Tundra Vehicles
IMPORTANT SAFETY RECALL

This notice applies to your vehicle: TESTVINTESTVIN123

Incorrect Load Carrying Capacity Label/FMVSS 110
NHTSA Recall No. 22V-854

*****SNGLP.T1.P1.PAL.1.00084

URGENT SAFETY RECALL
This is an important Safety Recall. The remedy will be performed at **NO COST** to you.

Dear Toyota Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act. Gulf States Toyota, Inc. (GST) has decided that certain 2023 Model Year Tundra vehicles fail to conform to Federal Motor Vehicle Safety Standard (FMVSS) No. 110, "Tire Selection and Rims for Passenger Cars."

You received this notice because our records indicate that you are the current owner.

What is the Condition?

Gulf States Toyota, Inc. (GST) is recalling certain 2023 Tundra vehicles equipped with non-skid spray-on bed liners. The load carrying capacity modification label may indicate less weight than the actual total weight of accessories installed on the vehicle. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 110, "Tire Selection and Rims." An incorrect label may lead to unintentionally overloading the vehicle, increasing the risk of a crash.

What will GST do?

For all affected vehicles, GST is providing a replacement label at **NO COST** to owners.

What should you do?

This is an important Noncompliance Recall.

Please apply the provided label using the instructions below:

1. If your vehicle currently has a Load Carrying Capacity Modification label that looks like the image below, you can remove the existing label and replace it with the enclosed label at the same location as the one that was removed.

Confirm the weight is printed on the label as indicated here.
Note: Weight will vary.

2. If your vehicle has any other Load Carrying Capacity Modification label, or has hand written numbers on the label, please contact any authorized Toyota dealer to schedule an appointment to have the remedy performed.
3. If you applied the label to your vehicle, the remedy is complete. Your local Toyota dealer can confirm the label was applied correctly. If you feel uncomfortable applying this label, your local Toyota dealer is available to assist. Please ensure that you bring this letter with you to the dealer.

Applying the label will take approximately 12 minutes. If brought to a dealer, depending upon the dealer's work schedule, it may be necessary to make your vehicle available for a longer period of time.

What if you have other questions?

- **Your local Toyota dealer will be more than happy to answer any of your questions.**
- If you require further assistance, you may contact the GST Customer Assistance Center at 1-800-444-1074.

For vehicle lessors: Federal Law requires that any vehicle lessor receiving this recall notice must forward a copy of this notice to the lessee within ten days.

If you believe the dealer or GST has failed or is unable to remedy the defect within a reasonable amount of time or without charge, you may submit a complaint to the Administrator, National Highway Traffic Safety Administration, 1200 New Jersey Avenue, S.E., Washington, D.C. 20590, or call the toll-free Vehicle Safety Hotline at 1-888-327-4236 (TTY: 1-800-424-9153), or go to <http://www.safercar.gov>.

We have sent this notice in the interest of your continued satisfaction with our products, and we sincerely regret any inconvenience this noncompliance recall may have caused you.

Thank you for driving a Toyota.

Sincerely,

GULF STATES TOYOTA, INC.
