### IMPORTANT SAFETY RECALL

(NHTSA Recall Number: 22V158)

This notice applies to your vehicle: **(Insert VIN)**

May 13, 2022

Dear Kia Cadenza Vehicle Owner:

**Kia has identified a defect in your vehicle which relates to motor vehicle safety.**

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act. Kia America, Inc. has decided that a defect which relates to motor vehicle safety exists in 2014-2016 MY Cadenza vehicles. The defect can result in loosening of the front windshield glass and in the worst case, windshield separation, thereby increasing the risk of a crash and/or injury. Our records indicate that you own or lease one of the potentially affected vehicles.

#### What Is The Problem?

Certain sections of the front windshield glass for your vehicle may not have sufficient primer resulting in reduced adhesion of the windshield glass to the vehicle body. Although the exact cause of this condition is unknown, it is believed to be due to a deviation in the application of primer to the front windshield glass at the vehicle assembly plant. Insufficient adhesion can result in loosening of the front windshield glass and in the worst case, windshield separation, increasing the risk of a crash and/or injury.

**Kia Will Inspect And If Necessary Reinstall The Windshield At No Cost To You.**

Your authorized Kia dealer will inspect the front windshield glass, and if necessary, the front windshield glass will be removed and reattached with sufficient primer. This recall will be performed **at no cost to you**. The estimated time required to perform the recall will be approximately one (1) to two (2) hours depending on your dealer's schedule.

#### What Should You Do?

- In the interest of the safety of your passengers, as well as your own safety, please immediately contact your authorized Kia dealer to arrange for the recall repair to be performed on your vehicle.
- **WARNING:** If this condition occurs, you may experience excessive wind noise and/or water leaking from the front windshield glass.
