This notice applies to your vehicle: «VIN»

Dear «POLKNAME»:

This notice is sent to you in accordance with the requirements of the National Traffic and Motor Vehicle Safety Act.

Our records indicate
YOUR UNIT HAS NOT BEEN
REMEDIED.
Please DO NOT ignore this notice!

Keystone RV Company has decided that a defect which relates to motor vehicle safety exists in certain model 2021-2023 Alpine, Avalanche, 2020-2023 Fuzion, Impact Fifth Wheels. As a result, Keystone RV is conducting a safety recall. We apologize for any inconvenience this action may cause you; however your safety and continued satisfaction are of the utmost importance to us.

Reason for this recall

It has been decided that the vehicles in the recall population have certain Equalizer brand hydraulic leveling legs installed that have a foot pad that may become loose and separate from the vehicle. Under certain conditions during travel, if the foot pad separates from the vehicle it can lead to an increased risk of personal injury, or vehicle crash.

What we will do

Keystone representatives have been in contact with the staff at your selling dealership regarding this situation. The remedy is to inspect the mounting bolt for tightness and reinstall with thread locking adhesive if loose. The service and parts required for this corrective action will be provided at no charge to you.

***What we
need you to
do***

During pre-trip inspections, check the jack pad feet be sure that they are secure. As soon as possible, please make an appointment to have your RV serviced by your dealership. The labor time to perform this correction is approximately one hour. Please ask your dealer if you wish to know how much additional time will be needed to schedule and process your RV for this repair.

**BE ADVISED –
Damage caused by failure to have the
recall remedy completed will be the
