Audi Recall: 69DZ – Passenger Frontal Airbag

INTERIM SAFETY RECALL NOTICE FOR YOUR VEHICLE

A recall repair is not yet available

This notice is sent to you in accordance with the *National Traffic and Motor Vehicle Safety Act*. Audi has decided that a defect, which relates to motor vehicle safety, exists in certain 2022 model year Audi vehicles. Our records show that you are the owner of a vehicle affected by this action.

About this recall:

The front passenger airbag may have been folded incorrectly. An incorrectly folded airbag can tear, prohibiting it from deploying properly during a crash, and increasing the risk of an injury.

A recall repair is not yet available.

Audi is working to make a recall remedy available as quickly as possible, and we will send you another letter once repairs can begin. At that time, you will be able to schedule this work with your authorized Audi dealer. Right now, your dealer does not have the parts or instructions to perform the recall work.

Precautions you should take:

Audi recommends avoiding use of the front passenger seat whenever possible until the recall work has been performed.

Your safety and that of your passengers is our highest priority. We apologize for any inconvenience this letter may cause.

Sincerely,

Audi Customer Protection

Audi
