

IMPORTANT SAFETY RECALL NOTICE – # 22V714

This notice applies to your vehicle(s) appearing on the attached list

September 2022

This notice is sent to you in accordance with the requirements of the *National Traffic and Motor Vehicle Safety Act*.

Micro Bird has decided that a defect which relates to motor vehicle safety exists in 2012-2023 G5, MBII and T-Series school vehicles equipped with a Valeo air conditioning system in the rear or front cap or mounted on the ceiling.

So that we can notify you of recalls affecting your vehicle(s), it is important that you inform us of any change or error in your mailing address, vehicle ownership or status.

(Please use the form at the bottom of this letter)

In certain vehicles, the cable powering the air conditioning control board may have a loose connection to the power stud on the board.

If the connection of the power cable is loose, there may be a localized excessive heat dissipation, that may cause the control board to melt or even catch fire.

This notice is to advise you that, even though a solution has been determined, it is still under study to confirm that the defect will be completely solved. Your buses can be kept in service in the meantime. **You will receive a second notice when the remedy procedure becomes available.**

Please send any question or concern regarding this recall campaign to recall@microbird.com, using **22-096-VUC** or **22V714** in the Subject area.

If you have leased this vehicle to another person or organization, you must forward this letter to the lessee within ten (10) days

We apologize for this situation and want to assure you that, with your assistance, we will correct this condition.

Should Micro Bird Corporation Inc. fail or be unable to remedy the situation without charge, you may contact:

Associate Administrator, National Highway Traffic Safety Administration

1200 New Jersey Ave S.E., Washington, DC 20590
