

IMPORTANT SAFETY RECALL

December 2022

This notice applies to your vehicle, **VIN:** _____

Dear General Motors Customer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

General Motors has decided that a defect which relates to motor vehicle safety exists in certain 2021 – 2022 model year Chevrolet Silverado Medium Duty 4500HD/5500HD/6500HD vehicles. As a result, GM is conducting a safety recall. We apologize for this inconvenience. However, we are concerned about your safety and continued satisfaction with our products.

IMPORTANT

- Your vehicle is involved in GM safety recall N222391080.

Why is your vehicle being recalled?

Navistar, the manufacturer of these vehicles, has determined that certain hex flange lock nuts used in several locations in the suspension joints in these vehicles were not properly formed and heat treated by its supplier. Improperly manufactured nuts can result in a loss of joint tension over time. A loss of tension in the suspension joints may increase the risk of a crash.

What will we do?

Parts to repair your vehicle are not currently available, but when parts are available, your GM dealer will replace suspect lock nuts. This service will be performed for you at **no charge**.

We are working as quickly as possible to correct this condition. When parts are available, we will send you another letter asking you to take your vehicle to your GM dealer to have your vehicle serviced. You can also check the status of this recall at: <https://my.gm.com/recalls>.
