Identification of Vehicles

The vehicle models involved in this recall are:
2020, 2021, 2022 Super Star and Supreme Aire Class C motorhomes.

These vehicles were manufactured by Newmar Corporation between 01/28/2019 and 12/01/2021.

Comprehensive Vehicle Population

The total number of vehicles included in this campaign is 162.

Effected Population Assessment

100% of the vehicles identified above may contain defective equipment.

Defect Description

On certain Newmar Class C motorhomes built on Freightliner M2 Chassis, a problem with the tire valve stem extension for the inner wheel contacting the outer wheel rim opening, potentially damaging the valve stem extension which could result in a loss of air pressure in the inner tire. This could increase the risk of a crash.

Manufacturer:
Newmar Corporation
355 N. Delaware St.
Nappanee, IN 46550
Ph. 574-773-7791

Principle Event Chronology

Newmar Corporation is reporting this recall following an initial warranty claim on 11/2/2021 resulting in a unit with potential valve stem extension problem. After more research an additional six units were identified with a potential valve stem extension problem. Newmar then discussed the issue at our company safety meeting where the decision was made to reach out to NHSTA for an opinion on the matter. NHSTA was contacted 01/21/2022 and after this discussion with NHSTA it was decided that a recall would be issued for this potential valve stem extension issue.

Newmar Corporation is not aware of any property damage, injury, or death, in vehicles manufactured by Newmar Corporation, attributed directly or indirectly to this defect.

At the time of this letter Newmar Corporation has received one warranty claims for this recall.

Defect Remedy Program

Newmar Corporation will be conducting this recall in its entirety. Units identified as having a possible issue will have the valve stem extension inspected for any damage, replaced with new valve stem extension if damaged; all units will have a valve stem extension grommet/stabilizer installed to prevent the valve stem extension from contacting the outer wheel rim. All repairs will be at no cost to customer.

If the customer has had the repair performed before receiving this letter, they may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy. For additional information, contact Newmar Corporation at:
