Fax: (574) 773-2007

**Identification of Vehicles**

The vehicle models involved in this recall are:  
2021, 2022 New Aire and Dutch Star Class A motorhomes.

These vehicles were manufactured by Newmar Corporation between 01/15/2021 and 07/28/2021.

**Comprehensive Vehicle Population**

The total number of vehicles included in this campaign is 58.

**Effected Population Assessment**

100% of the vehicles identified above may contain defective equipment.

## **Defect Description**

On certain Newmar Class A motorhomes built on Freightliner chassis, a problem with the upper nut/bolt connecting the steering column not being torqued down correctly which could result in the nut coming loose and falling off the bolt. This could result in the loss of steering control and increase the risk of a crash.

Manufacturer:  
Newmar Corporation  
355 N. Delaware St.  
Nappanee, IN 46550  
Ph. 574-773-7791

## **Principle Event Chronology**

Newmar Corporation is reporting this recall following an initial warranty claim on 03/09/22 that initiated a safety review meeting of the issue. It was determined at the safety review meeting on 3/10/22 a recall should be issued with the initial 58 units noted in this recall.

Newmar Corporation is not aware of any property damage, injury, or death, in vehicles manufactured by Newmar Corporation, attributed directly or indirectly to this defect.

At the time of this letter Newmar Corporation has received one warranty claim for this recall.

## **Defect Remedy Program**

Newmar Corporation will be conducting this recall in its entirety. Units identified as having a possible steering column issue will have the upper and lower nut/bolt checked for the correct torque and if needed tightened to the correct torque. All repairs will be at no cost to customer.

***If the customer has had the repair performed before receiving this letter, they may be eligible to receive reimbursement for the cost of obtaining a pre-notification remedy. For additional information, contact Newmar Corporation at:***
