| | | What is the safety concern for Safety Recall 24iD? | <p>In certain vehicles, the long fuel injectors may have been assembled without filter element. An injector built without filter element may leak, and fuel may enter into the engine compartment. Leaking fuel, in the presence of an ignition source, may increase the risk of a fire.</p> | | | | | | | | | | | | |
| | | Are there any precautions I should take because my vehicle is part of Safety Recall 24iD? | <p>If the recall condition is present in the vehicle, customers may recognize a fuel odor or notice fuel leakage. Additionally, the check engine light may illuminate. If this happens, customers are advised to contact an authorized Volkswagen dealer without delay to have the vehicle inspected/repared.</p> | | | | | | | | | | | | |
| | | What is the repair for the Safety Recall 24iD? | <p>To address this potential issue, your authorized Volkswagen dealer will replace the long fuel injectors (cylinders 1, 3, 5).</p> | | | | | | | | | | | | |
| | | When will the repair for Safety Recall 24iD be available? | <p>Repairs for this recall have begun. Please contact your authorized Volkswagen dealer without delay to schedule this recall repair. To set up an appointment online, please visit www.vw.com/find-a-dealer.</p> | | | | | | | | | | | | |
