VIN

[REDACTED]

[REDACTED]

Recall information: Z86/NHTSA: 22V-638

Visit [recalls.mopar.com](http://recalls.mopar.com) for more information or call the FCA US Recall Team at  
[1-800-853-1403](tel:1-800-853-1403).

### Details of the Recall

The rearview camera on your vehicle may experience persistent radio resets which may result in the rearview camera image not displaying during certain backing events. The vehicle operator will notice that the rearview image is not displayed if attempting to reference the image while backing. If this warning is not heeded, backing without verifying it is safe to do so could lead to an increased risk of injury to people outside the vehicle.

FCA US will repair your vehicle free of charge (parts and labor). To do this, your dealer will update the radio software. The estimated repair time is 30 minutes. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which may require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

How do I schedule my **FREE** repair?

- ◆ Simply contact your Chrysler, Jeep®, Dodge or RAM dealer right away to schedule a service appointment.

*We apologize for any inconvenience, but are sincerely concerned about your safety. Thank you for your attention to this important matter.*
