

Hi Eric,

Rivian Automotive, LLC has decided that a defect which relates to motor vehicle safety exists in certain model year 2022 Rivian R1T and R1S vehicles. Some of the population may have been built with suspect seat belt assembly anchorage installations. This notice applies to your vehicle, VIN: XXXXXXXXXXXXXXXXXXXX

What is the problem?

The front seat belt anchors may have been inadequately attached to the B-pillar. An improperly secured seat belt anchor may not adequately restrain the seat occupant during a crash, increasing the risk of injury.

What will Rivian do?

Your Rivian Mobile Service Technician or Rivian Service Center will inspect and, as necessary, properly secure the seat belt anchorage in the affected vehicles free of charge.

What should you do?

Please call 1-855-748-4265 to schedule the recall service repair immediately. The estimated recall service time will be approximately 1 hour, please plan accordingly.

If you have further questions, please call Rivian Service at (855) 748-4265. For additional information please visit [NHTSA.gov/recalls](https://www.nhtsa.gov/recalls).

Thank you for your attention to this important matter. The quality and safety of your vehicle is of the utmost importance to us.
