Why your vehicle needs this FREE recall repair
Your vehicle may have water entering an improperly sealed high-voltage battery pack, which could cause a loss of propulsion while driving and increase the risk of a crash.

What will we do?
A GMC EV Certified Dealer will replace the high-voltage battery pack in your vehicle with a new high-voltage battery pack.

What should you do?
Please contact a GMC EV Certified Dealer to complete this important **FREE** recall repair. When you make your appointment, please confirm with the dealer that they can make this EV recall repair. Visit gmc.com/locate-gmc-dealer to find a different dealer.

Because there is an open safety recall on the above vehicle(s), it's critical that we continue to attempt to contact the registered owner to have the recall repaired. For this reason, we do not remove an owner from our POSTAL MAILING list until the vehicle registration information is updated via state registration authority (i.e., Department of Motor Vehicles or Secretary of State).
