Don't let worry limit your journey – complete this repair and get back to exploring. Your **[Year] [Make] [Model]** is involved in GM safety recall N222380031. Based on manufacturing records, we have identified your vehicle as one built within a date range scheduled for priority repair under this recall.

Why your vehicle needs this **FREE** recall repair

Your vehicle's high-voltage battery pack may be improperly sealed, which could allow water to enter the battery pack enclosure and cause a malfunction. **Your vehicle may not start or could lose propulsion while driving. A loss of propulsion while driving can increase the risk of a crash.**

What will we do?

A GMC EV Certified Dealer will replace the high-voltage battery pack.

What should you do?

Please contact a GMC EV Certified Dealer to complete this important, **FREE** recall repair. When you make your appointment, please confirm with the dealer that they can make this EV recall repair.

Get more information

If you have any questions or concerns that your preferred GMC HUMMER EV dealer is unable to resolve, please contact the EV Concierge at **1-833-HUMMER-EV** (1-833-486-6373) (TTY 711 / 1-800-833-2438).

Hemos enviado este aviso porque el vehículo o vehículos Chevrolet Bolt EV registrados a su nombre están incluidos en una importante llamada a revisión de seguridad. Sin esta reparación de la llamada a revisión de seguridad **GRATUITA**, su paquete de baterías de ion de litio supone un riesgo de incendio cuando se carga a su capacidad máxima, o muy cercana a su capacidad máxima. Para programar su reparación de la llamada a revisión, visite chevrolet.com/dealer-locator. Por favor confirme con el concesionario que pueda realizar esta reparación de la llamada a revisión de EV cuando programe la visita.
