

IMPORTANT SAFETY RECALL UPDATE

Casandra,

In cooperation with the National Traffic and Motor Vehicle Safety Act, Polaris is conducting a voluntary recall of certain models:

Our records indicate that you are the owner of an **Indian Motorcycle** with VIN (VIN NUMBER) affected by Safety Recall I-23-01.

Indian Motorcycle Company is issuing a Safety Recall notice to affected owners of Model Year 2022 Chief, Chief Bobber, Chief Bobber Darkhorse, Chief Darkhorse, Super Chief, and Super Chief Limited motorcycles. There is a potential for the sidestand to not fold rearward and upward if it contacts the ground when the motorcycle is moving forward, increasing the risk of a crash or serious injury.

To resolve this concern, Indian Motorcycle has developed a repair procedure to replace the sidestand with an improved part.

Owner Next Steps:

- Visit our [Product Safety Recall](#) web page to verify if your motorcycle is impacted by this safety recall. Search for the model or vehicle identification number (VIN) on the site to confirm.
- Schedule an appointment with an authorized Indian Motorcycle dealer. Do not attempt repairs yourself. Repairs must be done by an authorized Indian Motorcycle dealer. Your local dealer can be found on our [Dealer Locator](#) web page.
- Your Indian Motorcycle dealer is in the best position to answer your questions, but you may also contact our Owners Connections Department at **1-800-765-2747** to speak with a representative.

We apologize for this inconvenience and assure you that we are committed to customer satisfaction and providing world-class products for riders to enjoy.
