Dear Ms. Blaesser:

This letter serves to acknowledge Chrysler (FCA US, LLC)'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

**Makes/Models/Model Years:**

MOPAR/TRAILER STEER CONT. MOD./9999

**Mfr's Report Date:** February 9, 2023

**NHTSA Campaign Number:** 23E-009

**Components:**

BACK OVER PREVENTION:DISPLAY FUNCTION

**Potential Number of Units Affected:** 1,090

**Problem Description:**

Chrysler (FCA, US, LLC) is recalling certain Mopar Trailer Reverse Steering Control Modules (TRSCM) with part numbers: 68423566AE, 68423566AF, 68423566AG, 04672915AD, and 04672915AE. The modules may prevent the rearview image from displaying when the vehicle is placed in reverse. As such, these modules fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 111, "Rear Visibility."

**Consequence:**

A rearview image that does not display while in reverse decreases the driver's visibility of the rear view, increasing the risk of injury or crash.

**Remedy:**

Dealers will repurchase the TRSCMs. Owner notification letters are expected to be mailed March 31, 2023. Owners may contact FCA US, LLC customer service at 1-800-853-1403. FCA US, LLC's number for this recall is 17A.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
