Subject: Driver's Powered Seat May Not Be Secure

Dear Mr. Swindell:

This letter serves to acknowledge Nissan North America, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

NISSAN/SEAT CUSHION FRAME/9999
INFINITI/SEAT CUSHION FRAME/9999

Mfr's Report Date: June 7, 2023

NHTSA Campaign Number: 23E-043

Components:

SEATS:CRITICAL FASTENERS

Potential Number of Units Affected: 78

Problem Description:

Nissan North America, Inc. (Nissan) is recalling certain driver-side powered seat cushion frames, with part numbers 873516RD0A, 873516RF0A, 873516TA0A, and 873516TA1A, sold as replacement parts for certain 2021-2023 Rogue, 2022-2023 Pathfinder, and 2022-2023 INFINITI QX60 vehicles. The driver's powered seat may not be fully secured to the seat frame which might cause the seat frame welds to detach from the rear inboard seat bracket.

Consequence:

An unsecured seat with broken welds may not properly restrain an occupant, increasing the risk of injury during a crash.

Remedy:

Dealers will inspect the driver's seat rail clearance, and if necessary, replace the driver's seat cushion frame, free of charge. Owner notification letters are expected to be mailed July 27, 2023. Owners may contact Nissan's customer service at 1-800-867-7669. Owners may contact INFINITI's customer service at 1-800-867-7669. Nissan's number for this recall is PC966/7, PC980/1.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Nissan North America, Inc.'s contact for this recall will be Darishea Rollins who may be reached by email at darishea.rollins@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
