Mfr's Report Date: November 8, 2023

NHTSA Campaign Number: 23T-009

Components:

TIRES:TREAD/BELT

Potential Number of Units Affected: 8,900

Problem Description:

Sentury Tire Thailand (Sentury Tire) is recalling certain Arroyo, Landgolden, Landsail, Lexani, Lionhart, Mavis, Mohave, National, Radar, and Vercelli tires. Please refer to the recall report for specific tires and affected tire production population. The tire's base tread layer was improperly cured, which can result in tread separation.

Consequence:

Tire tread separation can cause vehicle instability, increasing the risk of a crash.

Remedy:

Dealers will replace the tires, free of charge. Owner notification letters are expected to be mailed December 15, 2023. Owners may contact Sentury Tire at 1-866-305-2750. Sentury Tire's number for this recall is 1723.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please ensure the following requirements are met:

Per the requirements of 49 USC 30119, please provide the part number, name and description of the component or components involved in this recall. This information should be provided in an amended 573 in the "Involved Components" section.

AMENDED 573 REQUIRED.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Sentury Tire Thailand's contact for this recall will be Darishea Rollins who may be reached by email at darishea.rollins@dot.gov. We look forward to working with you.

Sincerely,
