Subject: Battery Disconnect Switch May Short

Dear Ms. Wolfe:

This letter serves to acknowledge Triple E Recreational Vehicles's notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

TRIPLE E/UNITY/2021-2023

Mfr's Report Date: January 6, 2023

NHTSA Campaign Number: 23V-002

Components:

ELECTRICAL SYSTEM:12V/24V/48V BATTERY
EQUIPMENT:RECREATIONAL VEHICLE/TRAILER

Potential Number of Units Affected: 341

Problem Description:

Triple E Recreational Vehicles (Triple E) is recalling certain 2021-2022 Unity U24IB and 2021-2023 Unity U24TB motorhomes. The battery disconnect switch terminal posts may contact the metal grounded fridge frame, causing a short and blowing a 100 AMP fuse.

Consequence:

An electrical short-circuit can increase the risk of a fire.

Remedy:

Dealers will install two rubber terminal post protective covers, free of charge. Owner notification letters are expected to be mailed January 25, 2023. Owners may contact Triple E customer service at 1-877-992-9906. Triple E's number for this recall is CA#10253-1.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

We have received Triple E's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.

Triple E Recreational Vehicles's contact for this recall will be Kristin Lepper who may be reached by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
Chief, Recall Management Division
Office of Defects Investigation
