Mfr's Report Date: February 5, 2023

NHTSA Campaign Number: 23V-053

Components:

VISIBILITY:REARVIEW MIRRORS/DEVICES

Potential Number of Units Affected: 1,720

Problem Description:

Bombardier Recreational Products Inc. (BRP) is recalling certain 2022 Cam-Am Spyder F3 and F3-S motorcycles. The rearview mirror may detach from the housing.

Consequence:

A detached rearview mirror can decrease rear visibility for the driver, increasing the risk of a crash.

Remedy:

Dealers will install new mirror assemblies, free of charge. Owner notification letters are expected to be mailed February 17, 2023. Owners may contact BRP customer service at 1-888-272-9222.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

We have received BRP's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please ensure the following requirements are met:

As required in Part 573.6, please amend the chronology to provide a summary of all warranty claims, field or service reports, and other information (such as the numbers of deaths and/or injuries), with their dates of receipt. If claim count exceeds 10 claims, please provide the total number of claims, and a receipt date range for those claims.

AMENDED 573 REQUIRED.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in Part 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter.
