Subject: Generator Set Fuel Hose May Cause Gas Leak

Dear Mr. Van Bronkhorst:

This letter serves to acknowledge Winnebago Industries, Inc.'s notification to the National Highway Traffic Safety Administration (NHTSA) of a safety recall which will be conducted pursuant to Federal law for the product(s) listed below. Please review the following information to ensure that it conforms to your records as this information is being made available to the public. If the information does not agree with your records, please contact us immediately to discuss your concerns.

Makes/Models/Model Years:

WINNEBAGO/EKKO/2022-2023

WINNEBAGO/SOLIS/2021-2023

WINNEBAGO/TRAVATO/2020-2023

Mfr's Report Date: April 28, 2023

NHTSA Campaign Number: 23V-307

Components:

FUEL SYSTEM, GASOLINE:DELIVERY:HOSES, LINES/PIPING, AND FITTINGS

Potential Number of Units Affected: 6,536

Problem Description:

Winnebago Industries, Inc. (Winnebago) is recalling certain 2020-2023 Travato, 2021-2023 Solis, and 2022-2023 Ekko motorhomes, equipped with certain Cummins Onan QG 2800i, and Onan QG 2800i EVAP generator sets. The fuel hose between the fuel filter and Injection Pump Module (IPM) may not be properly secured, which can cause a gas leak.

Consequence:

A gas leak in the presence of an ignition source increases the risk of a fire.

Remedy:

Dealers will inspect and replace the fuel hose and clamps, as necessary, free of charge. Owner notification letters are expected to be mailed June 2, 2023. Owners may contact Winnebago customer service at 1-641-585-6939 or 1-800-537-1885.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

Please be reminded of the following requirements:

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.

Winnebago Industries, Inc.'s contact for this recall will be Kristin Lepper who may be reached by email at kristin.lepper@dot.gov. We look forward to working with you.

Sincerely,

Alex Ansley
