Please review the following information to ensure that it conforms to your records as this information is being made available to the public. **Mfr's Report Date:** May 19, 2023

**NHTSA Campaign Number:** 23V-359

**Components:**

EQUIPMENT:RECREATIONAL VEHICLE/TRAILER:LPG SYSTEMS:FURNACE

**Potential Number of Units Affected:** 6

**Problem Description:**

Forest River, Inc. (Forest River) is recalling certain 2023 Salem, and Wildwood Travel Trailers. The brass fitting connected to the furnace pipe may have been manufactured without thread sealant.

**Consequence:**

Missing thread sealant can cause a propane gas leak, increasing the risk of a fire.

Forest River's number for this recall is 69-1642.

**Notes:**

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to [www.nhtsa.gov](http://www.nhtsa.gov).

You are required to submit a draft owner notification letter to this office no less than five days prior to mailing it to the customers. Also, copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Please be reminded that under 49 U.S.C. § 30112(a)(3), it is illegal for a manufacturer, to sell, offer for sale, import, or introduce or deliver into interstate commerce, a motor vehicle or item of motor vehicle equipment that contains a safety defect once the manufacturer has notified NHTSA about that safety defect. This prohibition does not apply once the motor vehicle or motor vehicle equipment has been remedied according to the manufacturer's instructions.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
