Mfr's Report Date: September 1, 2023

NHTSA Campaign Number: 23V-611

Components:

EQUIPMENT:OTHER:LABELS

Potential Number of Units Affected: 66

Problem Description:

Forest River, Inc. (Forest River) is recalling certain 2024 Sabre fifth wheels. The Federal Placard indicates an incorrect cargo carrying capacity (CCC) and dry weight, which can result in an overloaded vehicle. As such, these vehicles fail to comply with the requirements of Federal Motor Vehicle Safety Standard number 120, "Wheels and Rims-Other Than Passenger Cars" and 49 CFR Part 567 "Certification."

Consequence:

An overloaded vehicle can cause a loss of control, increasing the risk of a crash.

Remedy:

Dealers will mail owners a new Federal Placard, free of charge. Owner notification letters are expected to be mailed October 11, 2023. Owners may contact Forest River Customer Service at 1-260-499-2100. Forest River's number for this recall is 62-1671.

Notes:

Owners may also contact the National Highway Traffic Safety Administration Vehicle Safety Hotline at 1-888-327-4236 (TTY 1-800-424-9153), or go to www.nhtsa.gov.

We have received Forest River's proposed owner notification letter and it is currently under review. You will be notified of any changes or concerns once our review is complete.

Please be reminded of the following requirements:

Copies of all notices, bulletins, dealer notifications, and other communications that relate to this recall, including a copy of the final owner notification letter and any subsequent owner follow-up notification letter(s), are required to be submitted to this office no later than 5 days after they are originally sent (if they are sent to more than one manufacturer, distributor, dealer, or purchaser/owner).

Under 49 U.S.C. § 30112(a), it is illegal for anyone, including a manufacturer, distributor, dealer, or retailer to sell an item of equipment or vehicle that fails to comply with all applicable Federal motor vehicle safety standards.

As stated in 49 U.S.C. § 30118(f), submission of eight consecutive quarterly reports followed by three annual reports is required. As described in 573.7, submission of the first of eight consecutive quarterly status reports is required within one month after the close of the calendar quarter in which notification to purchasers occurs. Therefore, the first quarterly report will be due on, or before, 30 days after the close of the calendar quarter. The first of three consecutive annual status reports will be due on, or before, 1 year after the eighth quarterly report was submitted.
