**SAFETY RECALL NOTICE
ACTION REQUIRED**

VIA E-MAIL

Re: Dana, Inc., NHTSA Recall # 23E-035

Dear [REDACTED]:

Dana, Inc. ("Dana"), in conjunction with the National Highway Traffic Safety Administration ("NHTSA"), is conducting a voluntary safety recall of certain Ultimate Dana 60™ Bracketless Crate Axles® sold to aftermarket customers for use in some Jeep® Wrangler® JK vehicle applications. The axles subject to this notice were manufactured between September 7, 2022, and September 8, 2022, with the following part numbers:

- 10056030
- 10005778
- 10005777
- 10056043

Dana is conducting this recall to address the potential for certain axles to experience a pinion tail bearing seizure. In that event, the axle may not be able to rotate, which could affect a vehicle operator's control of the vehicle. Drivers will likely experience substantial noise and vibration of the axle before any pinion tail bearing seizure would occur.

If you have within your inventory any axles subject to this notice, please promptly contact your customer service representative. At no charge to you, Dana will arrange for return of any recalled axles, and will provide replacement axles. Replacement axles are immediately available.

Owners of vehicles that contain the subject axles will be asked to bring their vehicles to one of the below service centers as soon as possible, or to an alternate service center identified by Dana if these centers are not convenient to a vehicle owner.

To promote participation in this recall, and to most effectively reach vehicle owners with the recalled axles, we ask that you immediately send the customer notification letter, attached hereto as Attachment A, to each end-user customer to whom you have sold a recalled axle.

If you have sold any recalled axles to dealers or service centers, you must send them a copy of the dealer notification letter, attached hereto as Attachment B, within five (5) working days of your receipt of this notice.

To discuss implementation of this recall, please contact 1-877-777-5360 as soon as possible.

Please note that it is a violation of Federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment covered by this notification until the issue described in this notice has been remedied.

We regret this inconvenience. We at Dana are committed to the highest standards of safety and product quality, and our interest is in our customers' safety and satisfaction with their equipment. We look forward to working with you to enable this recall to be completed in a timely manner with minimal disruption to your customers. Thank you.

Sincerely,

A handwritten signature in blue ink, consisting of a stylized 'D' followed by a flourish.
