Triple E Recreational Vehicles Recall CA#10253-1      NHTSA #23V002

This notice is sent to you in accordance with the requirements of the National Traffic & Motor Vehicle Safety Act. Triple E Recreational Vehicles has decided that a defect exists in certain 2021, 2022 & 2023 Unity U24IB & Unity U24TB motorhomes manufactured between June 17, 2020 and December 1, 2022

### **Description of Defect:**

The battery disconnect switch, located at the entry door, the terminal posts in the fridge cabinet at the entry door, may contact the grounded metal fridge frame resulting in a short circuit. If the battery disconnect switch terminal posts would contact the metal fridge frame it would cause a short in the circuit and blow a fuse and possibly causing an increased risk of fire and injury.

### **To Have This Modification Performed:**

We request your assistance to have this Safety issue corrected. Install the rubber terminal post protective coverings on the terminal posts of the battery disconnect switch, which are included in this mailing. Follow the SOP included to complete as required.

For reimbursement submit a warranty application for

**Labour to perform this Recall: 0.5 hr./ unit**

**For more information contact Triple E RV/Leisure Travel Vans at 1-877-992-9906 Customer Service / Warranty department or by e-mail [recalls@tripleerv.com](mailto:recalls@tripleerv.com) in the subject line "Recall CA#10253-1".**

Thank you for your anticipated assistance and please do not hesitate to contact us should you require additional information.

Sincerely,

Brad Wall  
Customer Service / Warranty Manager
