2020 - 2023 Model Year; Solis  
2021 - 2023 Model Year; Travato

## New Safety Recall / Stop Sale Notification

---

PLEASE FORWARD THIS INFORMATION TO YOUR RV SALES AND SERVICE MANAGERS.

### Reason for this Safety Recall

Winnebago Motorhomes has been made aware of an issue where in some cases, certain Suburban Manufacturing Company (Suburban) SDS2 2-Burner Drop-in cook tops with part number 3032AST, may have internal aluminum burner tubes that connect to the gas valves fracture and cause a gas leak.

A gas leak in the presence of an ignition source can increase the risk of a fire

### Service Action

Winnebago and Suburban will conduct a voluntary safety recall to address this cook top, however the remedy is not currently available. Dealers will be notified through established communication methods once a remedy is available.

In the interim, all systems in the coach can be functionally demonstrated.

We sincerely apologize for this inconvenience and want to assure you we are working diligently to remedy this situation.

### **Notice**

It is a violation of Federal Law for a dealer to sell or lease any new vehicles in dealer inventory covered by this notification until the vehicle has been repaired.

Thank you for your continued partnership!
