

## **SAFETY RECALL CAMPAIGN 2A99 CLOSED**

### **2022 Hayabusa Front Brake Master Cylinder Recall 2A99 supersedes to 2022 - 2024 Hayabusa Front Brake Master Cylinder Recall 3A04**

<b>Affected Models:</b>	2022 Hayabusa (GSX1300RM2) motorcycles
<b>Affected Departments:</b>	Management, Service, Warranty, Sales, Parts, Accessories
<b>Reference:</b>	<a href="#">Service Bulletin GS/GSX/GSX-R No. 259</a> (2022 Hayabusa Front Brake Master Cylinder Body Replacement Recall 2A99) & <a href="#">Service Bulletin GS/GSX/GSX-R No. 266</a> (2022 - 2024 Hayabusa Front Brake Master Cylinder Parts Replacement Recall 3A04)

#### **Attention:**

As Suzuki Motor USA, LLC (SMO) announced in Service Bulletin GS/GSX/GSX-R No. 266 (10/24/2024) recall service campaign 3A04 supersedes the previous 2A99 campaign for the Front Brake Master Cylinder recall on the 2022 Hayabusa (GSX1300RM2) models.

**Recall service campaign 2A99 is now CLOSED, do not order any parts related to that campaign or submit a warranty claim for performing that recall service.**

#### **Important:**

Even if a 2022 Hayabusa had recall 2A99 performed in the past, your dealership must still perform the 3A04 campaign on the motorcycle. If a Hayabusa never had the 2A99 recall performed, it will only require completion of the new 3A04 recall service.

#### **Returning Unused Recall Campaign 2A99 Parts Kits:**

If you have unused, new condition **Front Master Cylinder Parts Set (59600-10860-RX0)** in your parts inventory, follow the parts return procedures in the *Parts Department Operations Manual*. [You can view this manual on Suzuki CONNECT.](#)

If you have any questions regarding parts returns, please contact SMO Parts Coordination at (714) 854-2165.

If you need support to address a customer's needs or a technical concern, please call TECH-LINE at (714) 996-7480 or contact your Technical Service and Parts Manager (TSPM).
