Additional vehicles have been added to this stop delivery order. The attached revised list provides the Vehicle Identification Number (VIN) of all involved vehicles in dealer new inventory. If your dealership's BAC is not listed, then none of the involved vehicles are currently assigned to you and no further action is required.

Until further instructions are received, involved vehicles that are in dealers' possession (new or used vehicle inventory) must be held and not delivered to customers, dealer-traded, released to auction, used for demonstration purposes, or any other dealer use. All GM Certified Used vehicles currently in the dealers' inventory within the Certified Pre-Owned Inventory System (CPOIS) will be de-certified.
