***** Campaign Summary *****

INFINITI is committed to the safety and security of our clients and their passengers. INFINITI has notified the National Highway Traffic Safety Administration (NHTSA) that it is recalling certain MY2022 INFINITI QX50 and MY2023 INFINITI QX55 vehicles to replace the affected front passenger door lock.

Certain MY2022 INFINITI QX50 and MY2023 INFINITI QX55 vehicles may have an incorrect front passenger door lock installed. Due to a supplier material handling concern that has since been corrected, incorrect door locks were inadvertently loaded into the door lock assembly line. As a result of this issue, the front passenger door might not remain latched during a crash, thus increasing the risk of injury to the occupant.

Affected vehicles are subject to stop sale.

***** What Retailers Should Do *****

1. Verify if vehicles are affected by this Voluntary Recall Campaign using Service Comm or DBS National Service History - Open Campaign I.D. **PC962**
 - Refer to IPSB15-286 for additional information.

2. Retailers **must not sell, lease, trade, rent or loan** any vehicles in retailer inventory affected by this recall campaign until after the vehicle has been remedied.
3. Retailers should use **ITB23-013** to remedy any vehicles subject to this campaign.
4. Once remedied, retailers should submit the claim using the claims coding provided and release the vehicle.
