New Safety Recall Advanced Communication – 33A

FCA US LLC (FCA US) has announced a safety recall on certain 2022 Model Year (DT) Ram 1500 Pickup vehicles.

REASON FOR THIS SAFETY RECALL

Some 2022 MY Ram 1500 vehicles may have been built without installing the B-pillar impact sensors.

Missing B-pillar impact sensors may result in delayed airbag deployment or non-deployment in certain circumstances, which may increase the risk of occupant injury.

SERVICE ACTION

FCA US will conduct a voluntary safety recall to inspect and, if necessary, install the B-pillar impact sensors. The remedy for this condition is not currently available. Dealers will be notified of the launch of this safety recall by way of established communication methods. This recall is estimated to launch in 2nd Quarter of 2023.

We ask that you please take the time to ensure that your personnel are aware of this communication and are prepared to execute a customer friendly process for inquiries regarding involved vehicles.
