Dear Valued Dealer:

This notice is sent to you in accordance with the National Traffic and Motor Vehicle Safety Act.

Ford Motor Company and Jayco Inc. motorized division have decided that a defect, which relates to motor vehicle safety, exists on certain model year 2022 Entegra Coach Esteem, Odyssey, Jayco Greyhawk, and Redhawk Class C motorhomes built on certain model year 2022 Ford E-450 Econoline chassis vehicles.

***Reason for this recall***

On your vehicle, the paint on your fuel tank may not have adhered properly and may peel. Extended peeling may expose the metal on the fuel tank and lead to long-term corrosion. Over time, corrosion in certain areas of the fuel tank may ultimately progress to a fuel vapor leak or a liquid fuel leak. If a fuel leak occurs due to corrosion, a malfunction indicator lamp may illuminate, or a fuel odor or liquid fuel may be observed. A fuel leak in the presence of an ignition source increases the risk of a fire.

***Recall Remedy***

Ford Motor Company has authorized your dealer to inspect and replace the fuel tank free of charge (parts and labor). The time needed for this repair is less than one-half day. However, due to service scheduling requirements, your dealer may need your vehicle for a longer period of time. In addition, your vehicle may require an inspection to determine if parts need to be ordered.
