SUBJECT: Stop Delivery Order: Safety Recall FL973

SAFETY RECALL NOTICE On **May 9, 2023**, Daimler Truck North America (“DTNA”) filed a Defect Information Report (“DIR”) with the National Highway Traffic Safety Administration (“NHTSA”) and/or a Defect Information Notice (“DIN”) with Transport Canada (“TC”) informing the agencies of our intent to conduct a voluntary safety recall.

It is a violation of Federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied. **Some of the vehicles subject to this "Stop Delivery Order" may be in your *new* vehicle inventory.** Until further instructions are available, ***new vehicles* subject to this “Stop Delivery Order” must be held and not be delivered to customers.**

DTNA strongly recommends that dealers and distributors remedy recalls before selling used vehicles. For any used vehicle with an open recall not remedied before sale, DTNA requires that the dealer or distributor notify prospective buyers of the open recall.

Affected Vehicles in FL973:
