We are pleased to announce that all remaining VINs have been moved to an Open Status. Please verify a VIN's involvement in this field action by checking in IVH prior to doing any repairs.

**PART ORDERING INFORMATION**

Due to limited parts availability, dealers should not order parts included in this recall for use as shelf stock. Parts should only be ordered when the dealer has confirmed and validated the customer has a scheduled appointment with the service department.

What Should Dealers Do: Dealers should review IVH or the Dealer Maxis reports for open VINs in their inventory. Dealers can view the attached bulletin and it will also be displayed in Service Information tomorrow.

A Stock VIN list is not included as our records show there are no vehicles in dealer new inventory.

Customer letters will be mailed in phases as part inventory increases.
