

## **SAFETY RECALL NOTICE # 23V-428**

To: All Grand Design RV Dealers

July 10, 2023

Grand Design RV has decided that certain **2023 Momentum Fifth Wheel trailers manufactured between March 21, 2023, and June 6, 2023**, fail to conform to Federal Motor Vehicle Safety Standard No. 110, "Tire Selection and Rims". The Federal Certification Label incorrectly states the cargo carrying capacity.

The **VIN range** of affected units is:

**Momentum Fifth Wheel 573FM4638PBB00946 through 573FM382XPBB01336 (non-sequential)**

On select model Grand Design Momentum Fifth Wheel trailers, the Federal Certification Label indicates a cargo carrying capacity greater than what is available. An overrated cargo capacity could lead to unit overload affecting the handling of the tow vehicle or potential component failure, increasing the risk of an accident or injury.

Owners of affected vehicles will be notified of this recall by mail. A copy of the Owner Notification Letter is attached as well as claim filing instructions and a VIN list of your affected units.

Should you have any questions or concerns, please contact Grand Design Technical Support at 574-825-6264 or 888-825-2820 and select the phone prompt for "Recall".

Respectfully,  
GRAND DESIGN RV, LLC
