******* Campaign Summary *******

Nissan is committed to the safety and security of our customers and their passengers. Nissan has notified the National Highway Traffic Safety Administration (NHTSA) that it is recalling certain MY2020-2022 Sentra vehicles, manufactured from November 25, 2019 to March 31, 2022, to address a potential issue with the tie rods.

The tie rod's strength may be insufficient under certain real world conditions with high input force. This situation can lead to the left and right side tie rod becoming bent on the affected vehicles. A bent tie rod condition may impair the driver's ability to steer the vehicle. The steering wheel may be off-center and/or experience vibration. In the worst case scenario, if the tie rod breaks, it can lead to a loss of control.

Dealers will replace both the left-hand and right-hand tie rods with countermeasure parts.

******* What Dealers Should Do*******

1. Verify if vehicles are affected by this Voluntary Safety Recall Campaign using Service Comm or DBS National Service History Campaign I.D. **R23B3**.
 - New vehicles in dealer inventory can also be identified using DBS (Sales-> Vehicle Inventory, and filter by Open Campaign).
 - Refer to NPSB 15-460 for additional information

- **Please continue to check newly arriving inventory for campaign applicability.**
2. Dealers **must not sell, lease, trade, rent or loan** any vehicles in dealer inventory affected by this recall campaign until after the vehicle has been remedied.
 3. Dealers should use **NTB23-078** to remedy any vehicles subject to this campaign.
 4. Once repaired, dealers should submit the claim using the claims coding provided, and release the vehicle.

****** Release Schedule ******

Parts	Parts are on restriction and can be ordered via DBS. The parts restriction will be removed on all parts and dealers can order, as needed, via normal ordering process beginning July 2, 2024 . Refer to NTB23-078 to determine the parts required to complete this remedy.
Repair	<ul style="list-style-type: none"> • NTB23-078
Owner Notification	Nissan mailed interim notification letters to owners of affected vehicles in October 2023, via U.S. Mail. Nissan will begin mailing invitation to repair notification letters to owners of affected vehicles in Winter 2025 , via U.S. Mail.

****** Dealer Responsibility ******

It is the dealer's responsibility to check Service Comm or DBS National Service History using the appropriate Campaign I.D. for the campaign status on each vehicle falling within the range of this voluntary recall campaign, which for any reason enters the service department. This includes vehicles purchased from private parties or presented by transient (tourist) owners and vehicles in dealer inventory. If a VIN subject to this recall campaign was part of a dealer trade, the letter associated with that VIN should be forwarded to the appropriate dealer for service completion.

Frequently Asked Questions (FAQ):

Q. Is this a recall?

A. Yes.

Q. Is this a Stop Sale?

A. Yes.

Q. What is the reason for the recall?

A. The tie rod's strength may be insufficient under certain real world conditions with high input force.

Q. What is the possible effect of the condition?

A. A bent tie rod condition may impair the driver's ability to steer the vehicle. The steering wheel may be off-center and/or experience vibration. In the worst case scenario, if the tie rod breaks, it can lead to a loss of control.

Q. What will be the corrective action for this voluntary recall campaign?

A. Dealers will replace both the left-hand and right-hand tie rods with countermeasure parts.

Q. How long will the corrective action take?

A. This service, which is conducted at no charge to you for parts and labor, could take up to two (2.0) hours to complete. However, your Nissan dealer may require your vehicle for a longer period of time based upon their work schedule.

Q. When will vehicle owners be notified?

A. Nissan will begin sending invitation to repair notifications to owners of all potentially affected vehicles in **Winter 2025** via U.S. Mail.

Q. Is my vehicle safe to drive?

A. If the steering wheel is off-center and/or you experience vibration, please contact your local Nissan dealer for immediate instructions on how to transport your vehicle to the dealership. The dealer will replace both the left-hand and right-hand tie rods with countermeasure parts.

Q. Is there anything owners can do to mitigate this condition?

A. If the steering wheel is off-center and/or you experience vibration, please contact your local Nissan dealer for immediate instructions on how to transport your vehicle to the dealership. The dealer will replace both the left-hand and right-hand tie rods with countermeasure parts.
