Alert Text:

DEALER HOLD IDH-23-02 HAS BEEN CONVERTED TO THIS SAFETY RECALL

Indian Motorcycle has determined that some Model Year 2023 Challenger and Pursuit motorcycles have been built with an improperly assembled fuel line. This may result in a no start condition or vehicle stall during operation, which increases the risk of a crash or serious injury.

To address this concern, Indian Motorcycle has released this Safety Recall with instructions to replace the fuel line on affected vehicles.
