

VOLKSWAGEN DEALER COMMUNICATION

Advance Notice (Updated) – Safety Recall 28H7 / Ignition Switch (USA Only)

This notice is for: All Dealer Personnel

Date: November 17, 2023

What has been updated: Volkswagen has notified the NHTSA about an additional population of vehicles that will be included in Safety Recall 28H7. The updated Affected Vehicles chart below represents the entire population of U.S. market vehicles included in this recall.

Affected Vehicles

Country	Beginning Model Year	Ending Model Year	Vehicle	Vehicle Count
USA	2019	2020	JETTA	47650
USA	2019	2019	GOLF SPORTWAGEN	3,150
USA	2019	2020	GOLF GTI	4,934
USA	2019	2019	GOLF ALLTRACK	4,024
USA	2019	2019	GOLF	2,779

**Counts reflect overall population; some vehicles may have already been repaired. Check Campaigns/Actions screen in Elsa on the day of repair to verify that a VIN qualifies for repair under this action. Elsa is the only valid campaign inquiry & verification source.*

Issue: In vehicles equipped with a conventional ignition switch, the polyfuse can fail, particularly when the vehicle is operated in high temperature environments. If the polyfuse fails, it can result in the engine stalling while driving and failure of the vehicle's electrical system, increasing the risk of a crash.

- Repair:**
- REPAIR NOT YET AVAILABLE
 - Check daily campaign open inventory report or OMD for affected vehicles in inventory.
 - Volkswagen is working to make a recall remedy available as soon as possible for the affected vehicles. Dealers and owners will be notified in writing once the recall remedy work can be performed.

Notes: **IMPORTANT REMINDER: VEHICLES AFFECTED BY SAFETY & COMPLIANCE RECALLS**

New Vehicles in Dealer Inventory: It is a violation of federal law for a dealer to deliver a new motor vehicle or any new or used item of motor vehicle equipment (including a tire) covered by this notification under a sale or lease until the defect or noncompliance is remedied. By law, dealers must correct, prior to delivery for sale or lease, any vehicle that fails to comply with an applicable Federal Motor Vehicle Safety Standard or that contains a defect relating to motor vehicle safety.

Pre-Owned Vehicles in Dealer Inventory: Dealers should not deliver any pre-owned vehicles in their inventory which are involved in a safety or compliance recall until the defect has been remedied.

-END OF MESSAGE-

Ensure all dealership personnel are aware of this notice so they are able to address customer questions. Contact Warranty if you require additional assistance. Direct press inquiries to Volkswagen Public Relations.
