## INTERIM NOTICE

# ATTENTION: ALL DEALER PRINCIPALS

This is an interim notice as we work on obtaining the remedy part.

Kia America, Inc., pursuant to the National Traffic and Motor Vehicle Safety Act, is conducting a Noncompliance Safety Recall Campaign on certain 2019 MY Sorento vehicles manufactured from August 1, 2018 through June 12, 2019.

Due to an error in the manufacturing process, the rearview camera may be susceptible to water intrusion. If water enters the rear of the camera, the camera's image may become blank while in reverse. As a result, the subject vehicles fail to comply with the rear visibility requirements of Federal Motor Vehicle Safety Standard (FMVSS) 111, "Rear Visibility." A rearview camera that does not display what is behind the vehicle increases the risk of a crash.

When the remedy part is available, Kia dealers will inspect the rearview camera, and if necessary, replace it with a new one. If no issue is found following inspection, dealers will apply additional water proofing to the camera wiring harness.

Your Service Manager was sent a copy of the interim owner notification letter and a Q&A guide for recall questions both of which describe the issue and information on how to access the list of affected vehicles. Kia will start mailing interim notices to the affected vehicle owners beginning on **November 13, 2023**. A follow-up notice will be mailed once the remedy part becomes available.
