Remedy Information
This remedy is currently under development and additional information will be provided once it has been developed for release by HMA.

Recommended Alternative Transportation
A Service Rental Vehicle (SRC) should be provided to customers who do not feel safe operating their vehicle until a remedy is available. In addition, a SRC may be required based on any other additional work on the vehicle that may need to be addressed during customer's visit. If a SRC is not available, other options such as a 3rd Party Rental or Rideshare may be provided.

Warranty Information
Warranty information will be updated once remedy has been released by HMA.

Parts Information
Parts, if applicable, will be provided once a remedy has been released by HMA.
Additional Training & Resources
Remedy is currently under development. Applicable training courses related to this recall, if applicable, will be provided once a remedy has been released by HMA.

Sample Customer Talk Tracks
1. “If you experience any concern(s) related to the performance of your vehicle, such as illumination of the malfunction indicator lamp and/or ABS (Anti-Lock Brake System) light, please have your vehicle towed to the nearest Hyundai dealer and do not attempt to drive the vehicle until a remedy has been applied.”

2. “During your visit today, I checked your vehicle for any open campaigns or recalls and found that your vehicle has an open recall without an available remedy. The recall states that it is a condition relating to the anti-lock brake system (ABS) that could leak brake fluid. This condition could create an electrical short, increasing the risk of an engine compartment fire. Once a remedy is available, Hyundai will notify you via First Class mail advising you to bring your vehicle to a Hyundai dealer to have it applied at no cost to you.”

Best Practice Checklist

Q3: What is the safety concern?
A3: An electrical short could result in significant overcurrent in the ABS module increasing the risk of an engine compartment fire while parked or driving.

**Q4: Have there been any accidents or injuries?**
A4: As of the filing to NHTSA on 09/22/2023, there are no crashes, injuries, or fatalities attributable to this condition. As of 09/22/23, twenty-one (21) related vehicle fires and twenty-two (22) thermal incidents (i.e. smoking, burning, melting, etc) have occurred in the U.S. and two (2) thermal incidents have occurred in Canada.

**Q5: Will a Dealer Stop Sale be issued?**
A5: No, as the involved vehicles are no longer in production or offered for retail sale.

**Q6: What will be done during the recall service at the dealer?**
A6: Once an official remedy is available from HMA, all owners of the subject vehicles will be notified by First Class mail with instructions to bring their vehicles to a Hyundai dealer to have the remedy completed at no cost, regardless of whether the affected vehicles are still covered under Hyundai's New Vehicle Limited Warranty. Additionally, Hyundai will provide owners of affected vehicles reimbursement for out-of-pocket expenses incurred to obtain a remedy for the recall condition in accordance with the reimbursement plan submitted to NHTSA on February 24, 2022.

Owners can continue driving these vehicles, however, Hyundai recommends owners to park their vehicles outside and away from structures until the recall remedy is completed.

**Q7: When will owners be notified?**
A7: Owners of the subject vehicles will be notified via First Class mail in late November 2023.
